1. This Office action is in response to the amendment filed 11/14/06. Claims 1-22 are pending with claims 2-4, 7, 9, 10, 13, 16, 17, 20 and 21 with drawn from consideration for being directed to a non-elected invention.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1, 5, 6, 8, 11, 12, 14, 15, 18, 19 and 22 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent 1,045,984 to King.

King provides a wooden support member 7 having a wooden member timber/8 supported thereon. A shim device is disposed in a space between the wooden member and support member and automatically expands to fill the space between the support 7 and timber 8 due to movement from any reason and thus maintain contact with the timber and support surface. This inherently translates the weight of the timber 8 to the support member 7. Contact is automatically maintained by a spring 18 that is inherently a flexible and compressible material. The space between the timber 8 and support 7 inherently must be measured before inserting of the device to insure the device fits properly.

4. Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 3635

It is noted that as amended independent claims 1 and 8 no longer appear generic to all of the non-elected/withdrawn species/claims.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
